Mountain Helicopters LTD with office in Warsaw, Polish Republic, deals with the supplies of dual-use products and the repairs of Mi-24 helicopters.

# OUR EXPERIENCE AND MISSION

## “Mountain Helicopters” Group Strategic mission:

Primarily, it's the provision of a high-quality wide profile aviation operations and commercial passenger traffic with the Mi-8MTV-1, Mi-8AMT, Mi-17, Mi-171 helicopters included in the operator's commercial certificate and the certificate for aviation works, and an overhaul and full cycle of maintenance of the company's own helicopter fleet at the Orsha Aircraft Repair Plant.

“Mountain Helicopters” Companies Group in Russia is the exclusive dealer of Orsha Aircraft Repair Plant located at the Bolbasovo village Airfield, Republic of Belarus (70 kilometers from the Russian Federation border). That is why one of the directions of our strategic mission is to organize an overhaul and provide a full range of maintenance services for Mi-2, Mi-2M, Mi-8T, Mi-8PS, Mi-8MT, Mi-17-1V, Mi-17, Mi-17V-5, Mi-8MTV-1, Mi-8MTV-5, Mi-8AMT, Mi-8AMTVSh-VA, Mi-171E, Mi-171A1, Mi-171A2, Mi-26, Mi-26T helicopters owned by Russian civil helicopter airlines and for all government bodies of the Russian Federation, including the Ministry of Emergency Situations of the Russian Federation, Ministry of Defense of the Russian Federation, Federal Security Service of the Russian Federation, Russian Navy (of the Ministry of Defense), Russian National Guard, Roscosmos, Ministry of Internal Affairs of Russia, Borderguard Service of the Federal Security Service of Russia, Federal Customs Service of Russia, special flight units etc.

# OUR EXPERIENCE AND MISSION

Mountain Helicopters Companies Group is open for dialogue with all helicopter owners. We will be delighted to consider any proposal in order to obtain Mi-8MTV-1, Mi-8AMT, Mi-17, Mi-171 helicopters to 'dry' lease under our commercial operator's certificate from the owners of helicopters around the world. This is due to the fact that our airline is situated in the tax-free economic zone based by Orsha Aircraft Repair Plant. Our tax expenses and deductions for capital repairs and scheduled maintenance forms are many times lower than those of any airline in the world.

The “Mountain Helicopters” Companies Group is ready to offer to our valued customers the aviation technical equipment supplies of any category and our professional assistance in Mil helicopters acquisition and maintenance basing on the accumulated six years' experience in the aviation leasing and over five years of experience in the Mi-8MTV-1, Ka-32A, Mi-26T helicopters operation, using the conglomerate of its own legal entities registered in many countries with their own bank accounts in numerous international banks.

# CERTIFICATES AND LICENCES

# ORSHA AIRCRAFT REPAIR PLANT

Orsha Aircraft Repair Plant plc nowadays is the leading enterprise both in the Republic of Belarus, and worldwide providing the helicopters certified repair, modernization and maintenance. All types of Mil helicopters are serviced, from Mi-2 to Mi-26, including the Mi-8 (Mi-17) military version and Mi-24 strike helicopter. The enterprise carries out a repair of any removable and non-removable equipment, components, aircraft units and systems, measuring tools and test equipment as well as maintenance of military and civil aviation equipment. The repair of aircraft units is also provided. Factory's territory includes hangars and a 3010 meter (988 feet)-long runway equipped with modern flight path system and other accurate approach means. The plant is in operation since 1941. The material and technical base allows an overhaul of Tu-22 and Tu-16 strategic bombers.

# SUBSIDIARY BUSINESS

An addition to “Mountain Helicopters” Companies Group main business is the search and purchase of Mi-8 helicopters for their further use. We are ready to supply an aircraft to our Customers anywhere around the world in the form of an aircraft sales contract, as an agent or lessor, to either leasing or rent.

One more direction of our business activity is the optimization of an ownership by means of helicopter transfer to the ownership of a company – the member of the “Mountain Helicopters” Group registered in a tax-free industrial zone. Helicopter re-registered in this manner continues its flights in the interests of the operator.

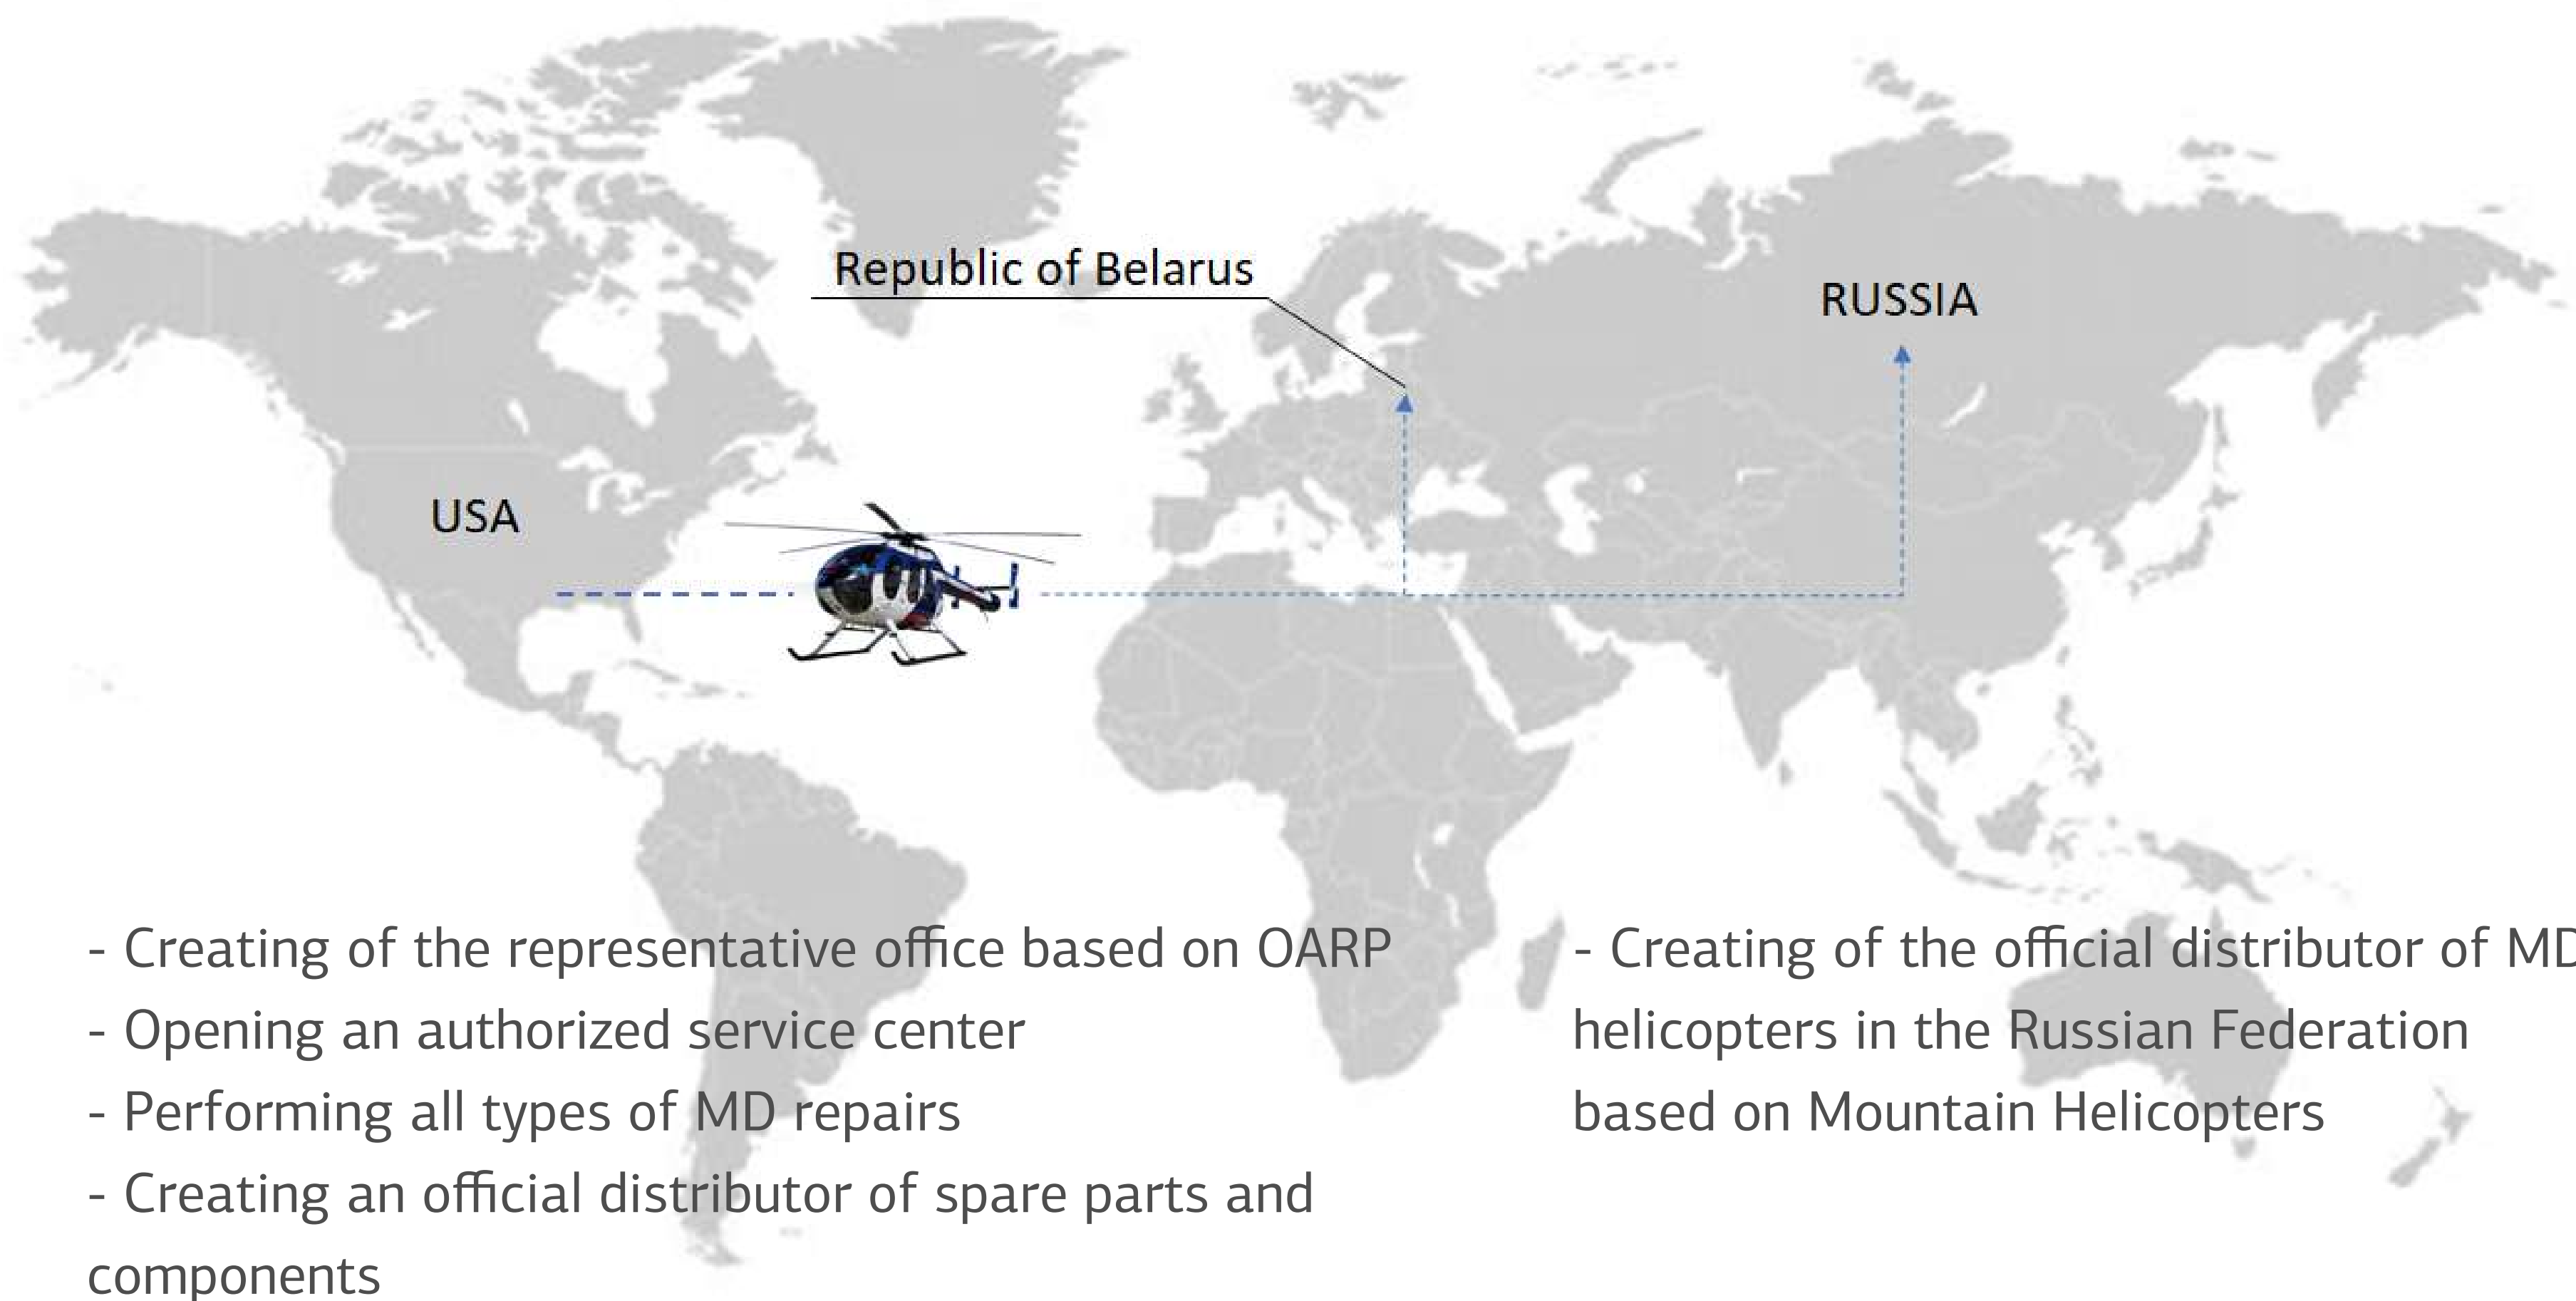

# SAYING A LITTLE MORE:

We enjoy a well-deserved confidence of our major customers and contractors, such as Orsha Aircraft Repair Plant, Surgutneftegaz, 'U-Tair Helicopter Services', 'Rosa Khutor' Alpine Resort, numerous subsidiaries of Rosneft, Russia-EMERCOM and other first-class companies and government bodies. We hope that your company will join our esteemed partners ranks, which business needs we satisfy in full, efficiently and as quickly as possible.
